USE ALABAMA COURT LINKS CAREFULLY

Record what official pages show; ask an attorney or clerk what applies.

- [ ] I opened the Alabama AOC E-Forms page directly
- [ ] I recorded names or links without selecting a form
- [ ] I opened the official county judicial-circuit directory
- [ ] I recorded the county information shown without deciding venue
- [ ] I will verify current court and form information
- [ ] I will ask before relying on a date or deadline
- [ ] Sensitive facts and records stay out of a public request
- [ ] My completed worksheet will be kept private

QUESTIONS FOR AN ALABAMA ATTORNEY

Record how this attorney would evaluate, scope, communicate, and document the engagement.

Issues and experience: what needs private review first, and what similar matters does the attorney handle?

Scope: what work, hearings, negotiation, drafting, filing, or coordination is included or excluded?

Team and communication: who works on the matter, how are updates handled, and what counts as urgent?

Privacy and records: how are conflicts, confidential communications, documents, access, and retention handled?

Alabama process: how will current court, form, timing, fee, service, and procedure information be verified?

Fees and terms: what is the complete fee structure, what may change it, and what do the written terms cover?

Preparation only. Not legal advice or a filing guide; no attorney-client relationship is formed.
