APPLIANCE REMOVAL / 01

BUILD THE APPLIANCE A INVENTORY

Use neutral labels. Do not move, test, open, disconnect or dismantle an appliance to complete this worksheet.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

Appliance A / type / neutral label / no address

Visible maker or model information / only if safely readable

Current location / floor / room label / no access codes

Present condition as observed / no testing or diagnosis

Known connected or disconnected status / who confirmed

Open acceptance or preparation question for provider

Preparation only. Not appliance disconnection, dismantling, refrigerant recovery, electrical, gas, plumbing, lifting, environmental, waste, safety, warranty or legal advice. Keep addresses, access codes, identities and accounts out.

APPLIANCE REMOVAL / 02

MAP ACCESS, ROLES AND DESTINATION

Ask the provider to assess the carry path and confirm every owner, provider or separately qualified trade responsibility.

Carry path / stairs / turns / doors / elevator / gate

Parking, loading, timing or building-access constraint

Disconnection or preparation responsibility / who confirms

Crew, equipment and property-protection proposal

Provider acceptance, exclusions and rejected-item plan

Destination promise and records offered / provider confirms

Preparation only. Not appliance disconnection, dismantling, refrigerant recovery, electrical, gas, plumbing, lifting, environmental, waste, safety, warranty or legal advice. Keep addresses, access codes, identities and accounts out.

APPLIANCE REMOVAL / 03

CHECK PROPOSAL READINESS

Tick what is organized. These checks do not approve disconnection, lifting, refrigerant handling, transport or disposal.

- [ ] Every provider receives the same non-sensitive inventory
- [ ] Private addresses, access and occupant details stay outside
- [ ] No appliance was moved, tested or dismantled for this brief
- [ ] Visible labels and present condition are recorded neutrally
- [ ] Carry path and loading constraints are listed
- [ ] Disconnection and trade roles require provider confirmation
- [ ] Acceptance, exclusions and destination language are requested
- [ ] Cleanup and completion records are requested

Open appliance identity, condition or acceptance question

Unconfirmed disconnection, trade or carry-path responsibility

Missing destination, change, cleanup or record detail

Preparation only. Not appliance disconnection, dismantling, refrigerant recovery, electrical, gas, plumbing, lifting, environmental, waste, safety, warranty or legal advice. Keep addresses, access codes, identities and accounts out.

APPLIANCE REMOVAL / 04

QUESTIONS FOR THE REMOVAL PROVIDER

Record the answer and where it appears in the proposal or pickup plan. Discuss private property details separately.

Acceptance: which appliances and conditions can you accept?

Roles: who confirms disconnection and required preparation?

Access: how are carry path, crew and protection assessed?

Refrigerated items: what handling and records are proposed?

Destination: what route is promised and what is excluded?

Handoff: what changes, cleanup and records are included?

Preparation only. Not appliance disconnection, dismantling, refrigerant recovery, electrical, gas, plumbing, lifting, environmental, waste, safety, warranty or legal advice. Keep addresses, access codes, identities and accounts out.

APPLIANCE REMOVAL / 05

COMPARE THE SAME APPLIANCE A BRIEF

Use Provider A and B. Clarify unlike acceptance, role, access, destination or handoff assumptions before comparing proposals.

Provider A / B / proposal dates / shared inventory

Accepted items, exclusions and preparation roles - A / B

Carry plan, protection and refrigerated-item handling - A / B

Destination, changes, cleanup, records and handoff - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a Junk Removal request. Share a non-sensitive Appliance A inventory, access, responsibility and handoff brief so participating pros can compete with proposals. Compare provider-confirmed acceptance, disconnection boundaries, carry plan, refrigerated-appliance handling, destination promises, change process, cleanup, records, exclusions and fit. A provider-led site review and separately qualified trade discussion may be needed before a final proposal.

One request. Every pro's best offer.

Start a request

Participation varies. A provider-led site review and separately qualified trade discussion may be needed before a final proposal.
