CABINETRY + COUNTERS / 01

MAP THE EXISTING PROJECT

Give every provider the same observable starting point.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

Property type, rooms or areas in scope, occupancy, and approximate project stage

Existing cabinets, built-ins, vanities, islands, countertops, backsplash, and nearby finishes

What works now, what does not, and the outcomes I want the project to support

Elements to keep, remove, replace, move, add, reuse, salvage, or leave undecided

Visible damage, moisture, uneven areas, prior work, or other conditions for provider review

My three priorities, preferences, and questions for the first site conversation

Preparation only. Not design, measurement, product selection, fabrication, construction, structural, trade, lead, code, permit, contract, or legal advice.

CABINETRY + COUNTERS / 02

ORGANIZE DETAILS AND INPUTS

Record what is known and mark the rest for professional verification.

Available plans, measurements, cabinet schedules, appliance or fixture information, and samples

Cabinet construction, door style, finish, interior, hardware, accessories, and storage preferences

Countertop material, finish, thickness, edge, backsplash, seams, overhangs, and pattern preferences

Sink, faucet, cooktop, appliance, outlet, plumbing, ventilation, cutout, and support questions

Floor, wall, trim, paint, tile, or adjacent-surface removal and repair questions

Selections already made, owner-supplied items, alternates requested, and decisions still open

Preparation only. Not design, measurement, product selection, fabrication, construction, structural, trade, lead, code, permit, contract, or legal advice.

PREPARE THE SITE AND HANDOFF

Clarify access, responsibilities, and verification before proposals are compared.

- [ ] Each room or area in scope is listed
- [ ] Keep, remove, replace, move, add, and undecided items are separated
- [ ] Measurements are marked for professional verification
- [ ] Product and finish choices are not treated as final unless documented
- [ ] Access, protection, delivery, and storage constraints are ready to discuss
- [ ] Adjacent trade and repair responsibilities will be assigned in writing
- [ ] Lead-safe responsibility will be checked if painted surfaces may be disturbed
- [ ] Every provider will receive the same project brief

Delivery path, parking, stairs or elevator, work hours, storage, protection, and occupied-area needs

Desired timing, decision-makers, communication method, access contacts, and important dates

Measurement, drawings, template, fabrication, delivery, installation, trade, cleanup, and closeout roles

Preparation only. Not design, measurement, product selection, fabrication, construction, structural, trade, lead, code, permit, contract, or legal advice.

QUESTIONS FOR THE PROVIDER

Record how this provider would verify, specify, coordinate, and document the work.

Verification: who checks dimensions, existing conditions, supports, utilities, access, and compatibility?

Documents: what drawings, schedules, samples, templates, seam or cutout plans, and approvals are included?

Scope: what removal, fabrication, delivery, installation, repairs, protection, cleanup, and disposal are included?

Coordination: who handles fixtures, appliances, plumbing, electrical, ventilation, adjacent finishes, and site decisions?

Timing: what selections, approvals, lead times, sequencing, access, and owner tasks affect the schedule?

Changes and terms: how are discoveries, substitutions, damage, changes, warranties, closeout, and fees documented?

Preparation only. Not design, measurement, product selection, fabrication, construction, structural, trade, lead, code, permit, contract, or legal advice.

COMPARE THE SAME PROJECT SCOPE

Use A and B in every box. Clarify differences before choosing.

Provider A / Provider B / site-review and proposal dates

Measurements, drawings, cabinet details, named materials, templates, seams, cutouts, and approvals - A / B

Removal, fabrication, delivery, installation, trades, repairs, protection, cleanup, closeout, and schedule - A / B

Assumptions, allowances, exclusions, changes, warranties, complete fee structure, written terms, and open questions - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai and start a Cabinetry & Countertops request. Share the project areas, existing conditions, requested elements, access, available plans or product information, desired timing, and items needing professional verification so participating pros can compete with proposals. Compare the same written scope, named materials, fabrication and installation responsibilities, exclusions, timing, complete fee structure, terms, and fit.

One request. Every pro's best offer.

Start a request

Participation varies. A site review, professional measurement, and coordination conversation may be needed before a final proposal.
