CERAMIC COATINGS / 01

MAP THE FINISH AND INCLUDED SURFACES

Record known facts only. Keep identifiers, addresses, access details and private photos outside this worksheet.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

Vehicle A / year / make / model / no VIN or plate

Known paint, repaint or touch-up history / unknown is okay

Known matte, wrap, film or special-finish surface

Existing wax, sealant or coating / provider verifies

Requested paint panels or exterior surfaces to assess

Requested glass, wheel, trim or film surface / if any

Preparation only. Not paint diagnosis, product selection, chemical, workplace, environmental, runoff, waste, polishing, application, cure, warranty, contract or legal advice. Keep vehicle, identity, address, access and account details private.

CERAMIC COATINGS / 02

DEFINE PREPARATION, PRODUCT AND TERMS

Ask the provider to document assessment and responsibility boundaries without treating this sheet as an application instruction.

Inspection, lighting and test-area boundary

Cleaning and decontamination stages / included or excluded

Correction stage, achievable limit and approval point

Named coating or product system / surfaces included

Provider-stated application, return-to-use and care documents

Written product, installer, maintenance and claim terms

Preparation only. Not paint diagnosis, product selection, chemical, workplace, environmental, runoff, waste, polishing, application, cure, warranty, contract or legal advice. Keep vehicle, identity, address, access and account details private.

CERAMIC COATINGS / 03

CHECK PROPOSAL READINESS

Tick what is organized. These checks do not approve a product, process, control, claim or performance expectation.

- [ ] Every provider receives the same non-sensitive Vehicle A brief
- [ ] VIN, identity, address, access and private photos stay outside
- [ ] Known finish history and unknown conditions are separated
- [ ] Included and excluded surfaces are listed
- [ ] Inspection, preparation, correction and coating are separate
- [ ] Named product and current written terms are requested
- [ ] Site, product, water, runoff and waste controls are discussed
- [ ] Care, surface records and unresolved items are requested

Open finish, surface, prior-protection or condition question

Unclear inspection, preparation, correction or product boundary

Missing written-term, care, control or handoff detail

Preparation only. Not paint diagnosis, product selection, chemical, workplace, environmental, runoff, waste, polishing, application, cure, warranty, contract or legal advice. Keep vehicle, identity, address, access and account details private.

CERAMIC COATINGS / 04

QUESTIONS FOR THE DETAILING PROVIDER

Record the answer and where it appears in the proposal, product material or written service terms.

Inspect: what finish review or test area is needed first?

Prepare: what cleaning, decontamination and correction are included?

Products: what named system goes on which surfaces?

Conditions: what current written application and care material applies?

Controls: how are site, water, runoff, waste and components handled?

Handoff: what surface record, terms, care and open items arrive?

Preparation only. Not paint diagnosis, product selection, chemical, workplace, environmental, runoff, waste, polishing, application, cure, warranty, contract or legal advice. Keep vehicle, identity, address, access and account details private.

CERAMIC COATINGS / 05

COMPARE THE SAME COATING BRIEF

Use Provider A and B. Clarify unlike surface, preparation, product or written-term assumptions before comparing proposals.

Provider A / B / proposal dates / shared Vehicle A brief

Inspection, preparation and correction - A / B

Named products, surfaces and written terms - A / B

Controls, care, records, open items and exclusions - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start an Auto Detailing request. Share a non-sensitive finish, surface and prior-protection brief so participating pros can compete with proposals. Compare inspection, preparation, correction, named products, included surfaces, written terms, care, handoff records, exclusions and fit. A provider-led inspection, test area and private vehicle or product discussion may be needed before a final proposal.

One request. Every pro's best offer.

Start a request

Participation varies. A provider-led surface inspection, test area and private vehicle or product discussion may be needed before a final proposal.
