CHECK PROPOSAL READINESS

Tick what is organized. These checks do not approve a design, measurement, material, method or completed installation.

- [ ] Every provider receives the same Room A brief
- [ ] Private location, access and plan details remain outside
- [ ] Storage categories are listed without designing dimensions
- [ ] Cabinet construction and interior features are written
- [ ] Finish, door and hardware samples use stable labels
- [ ] Connected-work responsibilities are assigned
- [ ] Field verification and changes require written confirmation
- [ ] Installation and punch-list handoffs are documented

Open storage, run or professional-measurement question

Unassigned removal, preparation or connected-work interface

Missing sample, change, installation or punch-list detail

Preparation only. Not cabinet design, architecture, engineering, structural, code, permit, accessibility, lead, hazardous-material, electrical, plumbing, gas, appliance, countertop, installation, warranty, contract or legal advice. Keep addresses, access, identities and private plans out.

QUESTIONS FOR THE CUSTOM-CABINET PROVIDER

Record the answer and where it appears in the proposal, drawings, sample schedule or written terms.

Verification: how are runs, openings and conditions checked before fabrication?

Construction: what cabinet and interior features are included or excluded?

Samples: how are doors, finishes and hardware identified?

Interfaces: who owns removal, preparation and connected work?

Changes: how are discoveries, substitutions and added work authorized?

Handoff: what protection, adjustment, punch-list and records are included?

Preparation only. Not cabinet design, architecture, engineering, structural, code, permit, accessibility, lead, hazardous-material, electrical, plumbing, gas, appliance, countertop, installation, warranty, contract or legal advice. Keep addresses, access, identities and private plans out.
