DOG WALKING / 01

MAKE EACH WALK SLOT CLEAR

Use Dog A and Slot 1 labels, not names or actual absence dates. Provider confirmation stays separate from your request.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

Dog A / B: requested recurring or occasional slot labels

Slot 1: individual or shared format requested / provider response

Slot 1: walking time requested / walking time provider confirms

Slot 1: full-visit duration / pickup, transport or waiting included?

Slot 2: format / walking time / full-visit scope to compare

Excluded visit tasks / private discussion still needed

Preparation only. Not care, exercise, behavior, training, transport, handling, veterinary, medication, safety or emergency advice. No provider or visit verification. Keep access and private care details out.

DOG WALKING / 02

CONNECT THE SLOT TO ITS UPDATE

Keep the same slot label throughout. A reported visit is not independently verified by this worksheet.

Slot label / assigned walker role / written service-plan reference

Pickup and return update: what is reported and through which channel?

Walk completion report: walking time / format / other visit tasks reported

Difference from agreed slot: provider report / explanation requested

Substitute walker or format change: proposed / discussed / unresolved

Missing update or open question: contact role / reply reference / follow-up

Preparation only. Not care, exercise, behavior, training, transport, handling, veterinary, medication, safety or emergency advice. No provider or visit verification. Keep access and private care details out.

DOG WALKING / 03

CHECK THE WALKING ARRANGEMENT

Tick after discussion. These are scope checks, not proof of safe or suitable care.

- [ ] Each dog and requested slot has a neutral label
- [ ] Walking time and full-visit duration are distinguished
- [ ] Individual or shared format is expressly discussed
- [ ] Pickup, transport, return and exclusions are visible
- [ ] Actual walker and substitution process are discussed
- [ ] Completion update and missing-update follow-up are clear
- [ ] Changes and cancellations have a written reference
- [ ] Care, routes and access details remain private

Slot still unconfirmed / specific question for the provider

Change or missed-visit policy reference / point needing explanation

Private intake or access handoff: who confirms it separately?

Preparation only. Not care, exercise, behavior, training, transport, handling, veterinary, medication, safety or emergency advice. No provider or visit verification. Keep access and private care details out.

DOG WALKING / 04

QUESTIONS FOR THE DOG WALKER

Record the answer beside the matching slot or service-plan reference. Leave uncertain points open.

Duration: what counts as walking time versus the full visit?

Format: what is offered for each slot and what needs private review?

People: who attends and how are substitutions discussed?

Updates: what is reported and how do I query a missing update?

Changes: occasional bookings, missed visits and cancellation terms?

Fit: relevant experience, references and intake before confirmation?

Preparation only. Not care, exercise, behavior, training, transport, handling, veterinary, medication, safety or emergency advice. No provider or visit verification. Keep access and private care details out.

DOG WALKING / 05

COMPARE THE SAME WALK

Use Provider A and B in each box. Matching package names do not necessarily mean matching walks.

Dog and slot labels / individual or shared format - A / B

Walking time / full-visit scope / transport and exclusions - A / B

Walker, substitutions, updates and open slot questions - A / B

Written terms, change process and remaining fit questions - A / B
