HOME ACCESSIBILITY PLAN / 01

MAP USER A AND THE COMPLETE ROUTE

Use neutral labels. Keep identities, diagnoses, addresses, access details and private photos outside.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

User A / goals in the user's own words

Route A / starting point to destination

Approach and Entry A / observed transition labels

Room A / activity and preferred outcome

Existing assistance or equipment / neutral labels only

Other users, helpers or household needs / roles only

Preparation only. Not medical, occupational-therapy, mobility, caregiving, accessibility-standard, ADA, fair-housing, design, measurement, equipment, structural, electrical, construction, permit, code, safety, insurance, financial, contract or legal advice. Keep identity, health, address, access and private-plan details out.

HOME ACCESSIBILITY PLAN / 02

DEFINE ASSESSMENT AND WORK HANDOFFS

Do not guess dimensions or suitability. Assign each confirmation to the appropriate qualified party.

Field measurement and existing-condition owner

Equipment or product suitability review owner

Structural, electrical, finish or other connected-work interface

Approval and qualified-specialist coordination owner

Occupied-work, access, protection and communication plan

Testing, orientation, records, warranty and follow-up handoff

Preparation only. Not medical, occupational-therapy, mobility, caregiving, accessibility-standard, ADA, fair-housing, design, measurement, equipment, structural, electrical, construction, permit, code, safety, insurance, financial, contract or legal advice. Keep identity, health, address, access and private-plan details out.

HOME ACCESSIBILITY PLAN / 03

CHECK PROPOSAL READINESS

Tick what is organized. These checks do not approve a design, dimension, product, installation or safe-use decision.

- [ ] Every provider receives the same User A brief
- [ ] Private identity and health details stay out
- [ ] The complete Route A is mapped
- [ ] Existing assistance uses neutral labels
- [ ] Measurements and suitability have qualified owners
- [ ] Connected work and approvals have owners
- [ ] Occupied-work and communication expectations are stated
- [ ] Testing, orientation and closeout handoffs are written

Open User A goal or complete-route question

Unassigned measurement, equipment or connected-work review

Missing access, acceptance, record or follow-up detail

Preparation only. Not medical, occupational-therapy, mobility, caregiving, accessibility-standard, ADA, fair-housing, design, measurement, equipment, structural, electrical, construction, permit, code, safety, insurance, financial, contract or legal advice. Keep identity, health, address, access and private-plan details out.

HOME ACCESSIBILITY PLAN / 04

QUESTIONS FOR THE HOME-ACCESSIBILITY PROVIDER

Record the answer and where it appears in the proposal, assessment or closeout plan.

Goals: how are User A and the complete Route A evaluated?

Assessment: who measures and confirms suitability?

Interfaces: what connected work needs separate review?

Approvals: who coordinates specialists and local questions?

Work: how are access, protection, communication and changes handled?

Closeout: what testing, orientation, records and follow-up apply?

Preparation only. Not medical, occupational-therapy, mobility, caregiving, accessibility-standard, ADA, fair-housing, design, measurement, equipment, structural, electrical, construction, permit, code, safety, insurance, financial, contract or legal advice. Keep identity, health, address, access and private-plan details out.

HOME ACCESSIBILITY PLAN / 05

COMPARE THE SAME USER A BRIEF

Use Provider A and B. Clarify unlike assessment or responsibility assumptions before comparing proposals.

Provider A / B / proposal dates / shared User A brief

Complete-route assessment, measurements and suitability - A / B

Connected work, approvals, access and changes - A / B

Testing, orientation, records, warranty, exclusions and follow-up - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a General Contractor request for Home Accessibility. Share the same non-sensitive User A and Route A brief so participating pros can compete with proposals. Compare goal discovery, complete-route review, qualified assessment ownership, connected work, access, approvals, acceptance, exclusions and fit. Private field measurement and qualified health, accessibility, design, equipment or trade review may be needed before a final proposal.

One request. Every pro's best offer.

Start a request

Participation varies. Private field measurement and qualified health, accessibility, design, equipment or trade review may be needed before a final proposal.
