QUESTIONS FOR THE HOUSE CLEANER

Record how this provider would scope, perform, communicate, and document the service.

Scope: how are rooms, current condition, requested tasks, exclusions, and visit type confirmed?

Tasks: what routine, detail, appliance, linen, pickup, organizing, or special work is included or optional?

Supplies: who provides products, tools, and consumables, and how are preferences or special surfaces handled?

Access: how are keys, codes, alarms, pets, occupants, staffing, supervision, and arrival communication handled?

Quality and timing: how are completion, missed items, damage concerns, changes, cancellations, and follow-up handled?

Terms and fees: what is the complete fee structure, what may change it, and what will be documented in writing?

Preparation only. Not a chemical-selection, disinfection, health, safety, contract, or legal guide.
