MULTIPLE-PET HOUSEHOLD / 01

MAP THE PET A / PET B HOUSEHOLD

Use neutral labels. Keep names, addresses, contacts, codes, health details and identifying numbers outside.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

Requested visit or overnight coverage window

Pet A / general species or size group only

Pet B / general species or size group only

Additional pets / neutral labels only

Shared Zone A and separate Zone B labels

Owner, backup and veterinarian roles / no contact details

Preparation only. Not veterinary, medical, medication, nutrition, behavior, training, emergency, animal-control, boarding, insurance, contract or legal advice. Keep names, addresses, contacts, codes, veterinary records and private care instructions outside.

MULTIPLE-PET HOUSEHOLD / 02

SEPARATE ROUTINES AND RESPONSIBILITIES

Record responsibility questions here; transfer actual private care instructions securely to the selected sitter.

Household-wide Routine A tasks

Pet A private-instruction handoff owner

Pet B private-instruction handoff owner

Interaction, separation and zone-boundary questions

Entry, headcount, departure and missed-visit record

Per-pet updates, exceptions and return handoff

Preparation only. Not veterinary, medical, medication, nutrition, behavior, training, emergency, animal-control, boarding, insurance, contract or legal advice. Keep names, addresses, contacts, codes, veterinary records and private care instructions outside.

MULTIPLE-PET HOUSEHOLD / 03

CHECK MULTIPLE-PET READINESS

Tick what is organized. These checks do not approve care, behavior handling, medication or an emergency action.

- [ ] Every sitter receives the same neutral household brief
- [ ] Private identities, access and health details stay out
- [ ] Every pet has a neutral label
- [ ] Shared and per-pet routines are separated
- [ ] Owner-set interaction boundaries are listed
- [ ] Entry and headcount records are defined
- [ ] Each pet has an update expectation
- [ ] Backup and return handoffs are assigned

Open capacity, schedule or pet-count question

Unclear shared, separate or interaction boundary

Missing update, backup or private-instruction handoff

Preparation only. Not veterinary, medical, medication, nutrition, behavior, training, emergency, animal-control, boarding, insurance, contract or legal advice. Keep names, addresses, contacts, codes, veterinary records and private care instructions outside.

MULTIPLE-PET HOUSEHOLD / 04

QUESTIONS FOR THE PET SITTER

Record the answer and where it appears in the proposal or private follow-up.

Capacity: what pet count and coverage window can you accept?

Intake: how are shared and per-pet routines confirmed?

Boundaries: how are owner-set zones and separation followed?

Records: how are entry, headcount and completion logged?

Updates: what per-pet update and exception process applies?

Backup: who covers a change and closes the return handoff?

Preparation only. Not veterinary, medical, medication, nutrition, behavior, training, emergency, animal-control, boarding, insurance, contract or legal advice. Keep names, addresses, contacts, codes, veterinary records and private care instructions outside.

MULTIPLE-PET HOUSEHOLD / 05

COMPARE THE SAME PET A / PET B BRIEF

Use Provider A and B. Clarify unlike capacity or private-handoff assumptions before comparing proposals.

Provider A / B / proposal dates / shared household brief

Capacity, coverage window and visit structure - A / B

Shared routines, per-pet handoffs and boundaries - A / B

Updates, backup, exclusions, records and fit - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a Pet Sitting request for a multiple-pet household. Share the same non-sensitive Pet A / Pet B brief so participating pros can compete with proposals. Compare capacity, visit coverage, shared and separate routines, owner-set boundaries, updates, backup coverage, exclusions and fit. A private meet-and-greet plus secure owner, veterinarian and care-instruction handoff may be needed before service.

One request. Every pro's best offer.

Start a request

Participation varies. A private meet-and-greet plus secure owner, veterinarian and care-instruction handoff may be needed before service.
