NORTH DAKOTA WELL ROUTES / 01

# FOLLOW THE NORTH DAKOTA ROUTES

Record official paths and dates only; keep contractor identities, locations and results private.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

**Proposal A / broad well-service objective / no address**

**Provider A / public-name reference kept privately**

**DWR contractor-licensure hub / date checked**

**Licensed Contractor Route A / date checked / no result**

**Well Driller Log Query A / date checked / no search result**

**Uncertain category, status or record question / office to ask**

Preparation only. Not a DWR form, credential, well record, water-quality, testing, equipment, drilling, repair, permit, property, environmental, contract or legal guide. Keep identities, locations and results out.

NORTH DAKOTA WELL ROUTES / 02

# SEPARATE SOURCE AND PROPOSAL NOTES

Keep official-route observations, provider statements and technical questions distinct.

**Proposed provider role / proposal section**

**Inspection or observation role / provider-defined boundary**

**Testing or record-review role / qualified owner**

**Equipment, drilling or repair role / proposal section**

**Official-route observation / date / no interpretation**

**Unresolved source, site, log or technical question**

Preparation only. Not a DWR form, credential, well record, water-quality, testing, equipment, drilling, repair, permit, property, environmental, contract or legal guide. Keep identities, locations and results out.

NORTH DAKOTA WELL ROUTES / 03

# CHECK THE ROUTE PACKET

Tick what is organized. These checks do not confirm a credential, record or well condition.

- [ ] Every provider and official route uses a neutral label
- [ ] Each official route has a date consulted
- [ ] Names, numbers, locations and results remain private
- [ ] Licensure and driller-log routes are kept separate
- [ ] Provider statements are separate from official-route notes
- [ ] Uncertain status or record labels remain questions
- [ ] Technical findings and water results are excluded
- [ ] No official route is treated as endorsement or fit

**Contractor-route question still open**

**Driller-log route question still open**

**Provider scope or closeout clarification requested**

Preparation only. Not a DWR form, credential, well record, water-quality, testing, equipment, drilling, repair, permit, property, environmental, contract or legal guide. Keep identities, locations and results out.

NORTH DAKOTA WELL ROUTES / 04

# QUESTIONS FOR THE WELL PROVIDER

Ask every provider the same role and scope questions; send official-record uncertainty to DWR.

**Role: which provider and contractor category labels apply to the proposal?**

**Route: which North Dakota DWR page should I consult?**

**Records: what existing private records may be useful later and why?**

**Scope: who owns inspection, testing, equipment, drilling or repair decisions?**

**Changes: how will findings and added work be documented for approval?**

**Closeout: which written records and unresolved questions will we receive?**

Preparation only. Not a DWR form, credential, well record, water-quality, testing, equipment, drilling, repair, permit, property, environmental, contract or legal guide. Keep identities, locations and results out.

NORTH DAKOTA WELL ROUTES / 05

# COMPARE ROLE AND ROUTE CLARITY

Use Providers A and B with the same non-sensitive brief. Official routes do not decide fit.

**Provider A / Provider B / proposal and route-review dates**

**Provider roles, contractor-route labels and explanations - A / B**

**Inspection, testing, equipment and written-scope ownership - A / B**

**Changes, closeout, timing and unresolved source questions - A / B**

## READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a Well Service request. Share a non-sensitive official-route, service-objective and proposal-role brief so participating pros can compete with proposals. Compare written scope, inspection or testing responsibility, equipment work, findings, change approval, timing and fit. A private well, site, record and provider-led review may be needed before a final proposal.

**One request. Every pro's best offer.**

Start a request

Participation varies. A planning conversation may be needed before a final proposal.
