CHECK THE ROUTE-ROLE PACKET

Tick what is organized. These checks do not determine credentials, jurisdiction or project requirements.

- [ ] Neutral labels contain no identity, number, address or private detail
- [ ] Every official route has a date consulted
- [ ] No search result or complaint fact is recorded
- [ ] Program, public-data and complaint routes stay distinct
- [ ] Provider statements are separate from Board notes
- [ ] Assessment, work, coordination and closeout roles are separated
- [ ] Unresolved official questions route to the Board or authority
- [ ] No credential, jurisdiction or compliance conclusion is recorded

Official-route or public-search question still open / Board

Provider scope or responsibility clarification still open

Private project or record handoff still open / owner

Preparation only. Not licensing, credential, complaint, discipline, construction, code, permit, contract or legal advice. Keep identities, search results, project details and private records out.

QUESTIONS FOR THE CONTRACTOR

Ask each provider the same route, private-record, scope and handoff questions.

Route: which current Tennessee Board page should I consult?

Public data: what belongs in the Board route rather than the proposal?

Scope: what assessment, project, coordination or closeout is included?

Records: what private project detail is needed and how is it shared?

Changes: who documents assumptions, options, authorization and updates?

Proposal: where are exclusions, timing, complete fees and handoffs written?

Preparation only. Not licensing, credential, complaint, discipline, construction, code, permit, contract or legal advice. Keep identities, search results, project details and private records out.

COMPARE ROUTE AND ROLE CLARITY

Use Providers A and B with the same neutral brief. Official navigation does not decide provider fit.

Providers A / B / proposal versions / discussion dates

Official routes, source dates and Board questions - A / B

Assessment, project, coordination and closeout roles - A / B

Private handoffs, assumptions, complete fees and open questions - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a General Contractor request. Share only a non-sensitive Project A, official-route and provider-role brief so participating pros can compete with proposals. Keep identities and project details private. Compare written scope, assumptions, handoffs, timing, complete fees and fit. Official Board navigation does not replace provider, project or authority review.

One request. Every pro's best offer.

Participation varies. A planning conversation may be needed before a final proposal.
