TIRE REPLACEMENT / 01

SET THE VEHICLE A POSITION BRIEF

Use a neutral label. Keep the VIN, plate, address, account details and private manufacturer records outside.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

Vehicle A / general use / no VIN or plate

Private manufacturer fitment source for provider review

Front-left and front-right requested position plan

Rear-left and rear-right requested position plan

Spare or other-position question / if applicable

Open timing, access, record or service question

Preparation only. Not tire selection, fitment, inspection, diagnosis, pressure, tread, age, load, balancing, alignment, TPMS, wheel, recall, warranty, repair, driving-safety or roadworthiness advice. Keep VINs, plates, addresses, accounts and private records out.

TIRE REPLACEMENT / 02

DEFINE THE REPLACEMENT SERVICE HANDOFF

Ask the provider to separate proposed tires, installation, balance, related systems, observations, disposition and records.

Proposed description and manufacturer-source confirmation

Installation and balancing work included or excluded

Valve, TPMS, wheel and other-service boundaries

Existing observations versus separately authorized work

Removed-tire disposition and tire-identification record

Recall route, invoice, warranty and final handoff

Preparation only. Not tire selection, fitment, inspection, diagnosis, pressure, tread, age, load, balancing, alignment, TPMS, wheel, recall, warranty, repair, driving-safety or roadworthiness advice. Keep VINs, plates, addresses, accounts and private records out.

CHECK PROPOSAL READINESS

Tick what is organized. These checks do not select a tire, inspect a vehicle or decide fitment, condition or roadworthiness.

- [ ] Every provider receives the same Vehicle A position brief
- [ ] VINs, plates, addresses and private records stay private
- [ ] Manufacturer fitment source is identified for review
- [ ] Requested positions are listed without a condition judgment
- [ ] Installation and balance scope is requested
- [ ] Valve, TPMS, wheel and other-service boundaries are requested
- [ ] Removed-tire and identification-record handling is requested
- [ ] Official recall route, invoice, warranty and handoff are requested

Open manufacturer-source, position or product question

Unclear installation, balance, TPMS or wheel boundary

Missing disposition, record, warranty or handoff detail

Preparation only. Not tire selection, fitment, inspection, diagnosis, pressure, tread, age, load, balancing, alignment, TPMS, wheel, recall, warranty, repair, driving-safety or roadworthiness advice. Keep VINs, plates, addresses, accounts and private records out.

TIRE REPLACEMENT / 04

QUESTIONS FOR THE TIRE PROVIDER

Record the answer and where it appears in the proposal, service order, invoice, product record or handoff.

Source: what manufacturer information is confirmed?

Positions: which replacements and assumptions apply?

Service: what installation and balancing are included?

Boundaries: how are TPMS, valves and wheels handled?

Records: how are removed tires, IDs and recalls handled?

Handoff: what invoice and warranty records are provided?

Preparation only. Not tire selection, fitment, inspection, diagnosis, pressure, tread, age, load, balancing, alignment, TPMS, wheel, recall, warranty, repair, driving-safety or roadworthiness advice. Keep VINs, plates, addresses, accounts and private records out.

COMPARE THE SAME VEHICLE A BRIEF

Use Provider A and B. Clarify unlike product, position, service or record assumptions before comparing proposals.

Provider A / B / proposal dates / shared Vehicle A brief

Fitment source, proposed description and positions - A / B

Installation, balance, TPMS and wheel boundaries - A / B

Disposition, records, warranty, exclusions and terms - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a Tires request. Share a non-sensitive Vehicle A replacement brief so participating pros can compete with proposals. Compare fitment-source, position, installation, balance, TPMS-boundary, record, warranty, exclusion and handoff assumptions. A private vehicle-information review and provider-led tire inspection may be needed before a final proposal.

One request. Every pro's best offer.
