TIRE SERVICE / 01

# BUILD THE VEHICLE BRIEF

Give every tire provider the same vehicle and current-tire starting point.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

**Vehicle year, make, model, trim, and drive configuration if known**

**Tire size copied from the vehicle label, owner materials, or current tire**

**Current tire brand, model, and identifying details if readable**

**Tire positions involved: front left / front right / rear left / rear right / spare**

**Typical driving, weather, seasonal, load, towing, or storage context**

**My three priorities for this tire service conversation**

Preparation only. Not a tire inspection, fitment decision, or roadworthiness assessment.

TIRE SERVICE / 02

# DESCRIBE THE SERVICE NEED

Record what you observed and what you want assessed without self-diagnosing.

**Reason for service and when the concern first appeared**

**What I see, hear, feel, or notice while parked or driving**

**Tire position, speed, road, weather, load, or timing when it occurs**

**Recent tire, wheel, suspension, alignment, sensor, or related service**

**Requested service: assessment / replacement / seasonal change / other**

**Photos, records, vehicle information, or current proposal available**

Preparation only. Not a tire inspection, fitment decision, or roadworthiness assessment.

TIRE SERVICE / 03

# PREPARE FOR THE APPOINTMENT

Tick only what is confirmed or ready to discuss.

- [ ] Vehicle and tire information is copied without guessing
- [ ] Each tire position involved is identified
- [ ] Observed concerns are described in plain language
- [ ] Typical driving and seasonal needs are ready to discuss
- [ ] The requested service is stated consistently to each provider
- [ ] Exact tire and availability questions are ready
- [ ] Included installation and follow-up items will be confirmed in writing
- [ ] No decision about safe driving is being made from this worksheet

**Appointment, drop-off, mobile-service, access, or contact notes**

**Items to retrieve, store, return, or dispose of after service**

**Approval contact and how unexpected findings should be communicated**

Preparation only. Not a tire inspection, fitment decision, or roadworthiness assessment.

TIRE SERVICE / 04

# QUESTIONS FOR THE TIRE PROVIDER

Record the exact package, responsibilities, and follow-up process.

**Fitment: what vehicle information and manufacturer guidance are being used?**

**Tires: exact brand, model, size, quantity, positions, and availability?**

**Included work: mounting, balancing, valves, sensors, disposal, and inspections?**

**Findings: how will different work be explained and approved before proceeding?**

**Written terms: manufacturer, retailer, service, and road-hazard coverage?**

**After service: records, care information, follow-up, and concern contact?**

Preparation only. Not a tire inspection, fitment decision, or roadworthiness assessment.

# COMPARE THE SAME TIRE PACKAGE

Use A and B in every box. Clarify differences before choosing.

**Provider A / Provider B / proposal and availability dates**

**Exact tires, quantity, positions, fitment basis, and availability - A / B**

**Mounting, balancing, valves, sensors, disposal, inspection, and follow-up - A / B**

**Written terms, exclusions, scheduling, approval process, and open questions - A / B**

## READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai and start a tire service request. Share the vehicle details, tire positions, observed concerns, intended use, and requested service so participating pros can compete for your business with proposals. Compare the exact package, included work, timing, written terms, and fit.
