VEHICLE WRAPS / 01

CONNECT PANELS TO ONE BRIEF

Use general vehicle details and panel labels. Leave VINs, plates, private fleet identifiers and locations out.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

Vehicle year / make / model / body configuration / desired wrap outcome

Panel group A: labels / requested coverage / exclusions / detail to clarify

Panel group B: labels / requested coverage / exclusions / detail to clarify

Panel group C: labels / requested coverage / exclusions / detail to clarify

Existing-record context: prior wrap or finish history / unknowns for installer review

Artwork-proof version or color-reference ID / review date / approval role

Preparation only. Not a vehicle or paint assessment, product recommendation, installation or care instruction, warranty interpretation, removal guarantee, compliance or legal advice. Keep vehicle identifiers private.

VEHICLE WRAPS / 02

CONTROL THE PROPOSAL VERSION

Record what the installer proposes. A design preference is separate from a professional suitability assessment.

Coverage-list version / matching proof or color reference / unresolved panel details

Proof decision: version reviewed / decision role / requested revision / next version

Proposed product record: manufacturer / product identifiers / documents to request

Installer review: questions about known finish history / reported exceptions / next step

Preparation: included work / separate work to discuss / exclusions to confirm

Change request: affected panel or proof / reason reported / explanation and approval needed

Preparation only. Not a vehicle or paint assessment, product recommendation, installation or care instruction, warranty interpretation, removal guarantee, compliance or legal advice. Keep vehicle identifiers private.

VEHICLE WRAPS / 03

PLAN THE PICKUP RECORD

Tick what is ready to discuss. Keep reported completion separate from unresolved questions and future work.

- [ ] General vehicle details contain no sensitive identifiers
- [ ] Panel coverage and deliberate exclusions are listed
- [ ] One proof or color reference is identified for review
- [ ] Revision approval and version control will be confirmed
- [ ] Actual proposed product documents will be requested
- [ ] Preparation exceptions and changed-work approvals are separate
- [ ] Pickup notes will use the same panel and proof references
- [ ] Care documents, written terms and removal questions are listed

Pickup: coverage and proof references / reported completion / panel-specific open items

Documents received: product identifiers / care information / written terms / missing items

Follow-up or future removal: question / installer response needed / responsible role

Preparation only. Not a vehicle or paint assessment, product recommendation, installation or care instruction, warranty interpretation, removal guarantee, compliance or legal advice. Keep vehicle identifiers private.

VEHICLE WRAPS / 04

QUESTIONS FOR THE WRAP INSTALLER

Use this to record answers, not product promises. Ask for current written information for your actual proposal.

Coverage: how do you identify included, excluded and unresolved panel details?

Proof: how are version, review, approval and later revisions controlled?

Product record: which identifiers and current documents will you provide?

Preparation: what assessment is needed, and how are exceptions and changes explained?

Pickup: how will the record connect completion and open items to our brief?

After pickup: what care documents, terms, fees, follow-up and removal discussion apply?

Preparation only. Not a vehicle or paint assessment, product recommendation, installation or care instruction, warranty interpretation, removal guarantee, compliance or legal advice. Keep vehicle identifiers private.

VEHICLE WRAPS / 05

COMPARE ONE WRAP BRIEF

Use A and B for installers in each box. Compare the same coverage list and proof or color-reference version.

Installer A / B / discussion dates / common coverage and design-reference IDs

Panel inclusions, exclusions, proof revisions and approval process - A / B

Product documents, vehicle review, preparation and changed-work boundaries - A / B

Pickup records, open items, care documents, written terms, fees and fit - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a Vehicle Wraps request. Share a non-sensitive coverage and design brief so participating pros can compete with proposals. Compare panel coverage, proof control, product records, preparation, pickup handoff, fees and fit. Availability varies.

One request. Every pro's best offer.

Start a request

Participation varies. An installer-led vehicle, finish and design review may be needed before a final proposal.
