CHECK THE ROUTE-ROLE PACKET

Tick what is organized. These checks do not determine requirements, station status or compliance.

- [ ] Neutral labels contain no VIN, plate or address
- [ ] No station identity or test result is recorded
- [ ] DMV inspection and DEC emissions sources remain distinct
- [ ] Every official page reference has a checked date
- [ ] Inspection and diagnostic roles are separated
- [ ] Repair and retest roles are separated
- [ ] Unresolved official questions route to the responsible agency
- [ ] No technical or compliance conclusion is recorded

Official-route question still open / office or reviewer

Proposal-role question still open / provider reply

Private vehicle or report handoff still open / owner

Preparation only. Not a Vermont form or inspection, emissions, station-status, diagnosis, repair, retest, compliance, driving, safety or legal guide. Keep identifiers, results and private records out.

QUESTIONS FOR A VERMONT PROVIDER

Ask every provider the same official-route, private-record, scope and handoff questions.

Scope: what inspection, diagnosis, repair or retest work is included?

Station route: which current Vermont page answers locator questions?

Source roles: which question belongs to DMV or DEC?

Records: what private detail is needed and how is it shared?

Handoffs: who documents findings, authorization and follow-up?

Update: what written proposal or responsibility summary will change?

Preparation only. Not a Vermont form or inspection, emissions, station-status, diagnosis, repair, retest, compliance, driving, safety or legal guide. Keep identifiers, results and private records out.

COMPARE ROUTE AND ROLE CLARITY

Use Providers A and B with the same neutral vehicle, source and responsibility questions.

Providers A / B / proposal versions / discussion dates

DMV, locator and DEC routes used - A / B

Inspection, diagnosis, repair and retest roles - A / B

Private handoffs, written updates and open questions - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a Smog & Emissions request. Share only a non-sensitive Vehicle A, official-route and provider-role brief so participating pros can compete with proposals. Keep identifiers and results private. Compare written scope, handoffs, timing and fit. A provider-led vehicle and private-record review may be needed before a final proposal.

One request. Every pro's best offer.
