DEFINE TASKS, CONTROLS AND QUALITY

Ask the provider to document scope and routing. Facility leaders and qualified personnel retain hazard, equipment and emergency decisions.

Routine tasks and frequency by neutral zone

Periodic tasks and trigger / excluded specialty work

Client-approved supplies and provider-supplied items

Equipment, access and site-program coordination boundary

Supervisor, exception and schedule-change contacts by role

Inspection, correction, service-record and transition handoff

Preparation only. Not occupational safety, OSHA, chemical, SDS, PPE, hazardous-material, spill, waste, fire, sanitation, lockout, forklift, dock, fall-protection, environmental, insurance, contract or legal advice. Keep addresses, credentials, people, inventory and security details out.

CHECK PROPOSAL READINESS

Tick what is organized. These checks do not approve chemicals, equipment, hazards, training, methods or safety controls.

- [ ] Every provider receives the same Facility A brief
- [ ] Addresses, credentials, people and security details remain private
- [ ] Zones and operating windows use neutral labels
- [ ] Traffic and restricted-area conflicts have an escalation route
- [ ] Hazard, chemical and equipment decisions stay with authorized roles
- [ ] Routine, periodic and specialty tasks are separated
- [ ] Supervision and service exceptions have written ownership
- [ ] Quality checks and handoff records are defined

Open zone, operating-window or access question

Unassigned supply, equipment, program or escalation boundary

Missing frequency, quality, correction or transition detail

Preparation only. Not occupational safety, OSHA, chemical, SDS, PPE, hazardous-material, spill, waste, fire, sanitation, lockout, forklift, dock, fall-protection, environmental, insurance, contract or legal advice. Keep addresses, credentials, people, inventory and security details out.

QUESTIONS FOR THE WAREHOUSE-CLEANING PROVIDER

Record the answer and where it appears in the proposal, task schedule or service plan.

Access: how are zones, windows and authorization confirmed?

Tasks: what routine, periodic and specialty work is included or excluded?

Controls: how are approved supplies, equipment and site programs coordinated?

Conflicts: how are traffic, dock, aisle and restricted areas escalated?

Supervision: who receives exceptions and schedule changes?

Quality: what inspection, correction, record and transition handoffs are included?

Preparation only. Not occupational safety, OSHA, chemical, SDS, PPE, hazardous-material, spill, waste, fire, sanitation, lockout, forklift, dock, fall-protection, environmental, insurance, contract or legal advice. Keep addresses, credentials, people, inventory and security details out.

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start a Commercial Janitorial request. Share the same non-sensitive Facility A brief so participating pros can compete with proposals. Compare zone coverage, frequencies, operating-window assumptions, client and provider responsibilities, supervision, exception routing, quality records, exclusions, written terms and fit. A private facility walk-through and qualified safety review may be needed before a final proposal.

One request. Every pro's best offer.
