QUESTIONS FOR THE PHOTOGRAPHER

Ask every photographer the same coverage, team, review, delivery and backup questions.

Coverage: how do segments and priorities become the working plan?

Team: who covers each segment and manages handoffs?

Locations: how are access and venue contacts coordinated privately?

Review: how are selection, editing and corrections handled?

Delivery: which files, gallery steps and written terms are included?

Backup: how are access, timing, weather or availability changes handled?

Preparation only. Not a contract, wedding timeline, venue plan, release, copyright, privacy or legal opinion. Keep names, addresses, private times, guest details, credentials and gallery links out.
