CHECK THE ROUTE-ROLE PACKET

Tick what is organized. These checks do not determine station status, results or required work.

- [ ] Neutral labels contain no VIN, plate or address
- [ ] Every official route has a date consulted
- [ ] No station identity, result or finding is recorded
- [ ] Program hub, station list and procedure page stay distinct
- [ ] Provider statements are separate from official-source notes
- [ ] Inspection, diagnosis, repair and follow-up roles are separated
- [ ] Unresolved official questions route to WVSP or DMV
- [ ] No safety, compliance or work-authorization conclusion is recorded

Official-route question still open / WVSP or DMV

Provider scope or responsibility clarification still open

Private vehicle or report handoff still open / owner

Preparation only. Not inspection, diagnosis, repair, station-status, driving, safety, compliance or legal advice. No station, result, work or return-to-road conclusion. Keep identifiers, locations, findings and records out.

QUESTIONS FOR THE AUTO-REPAIR PROVIDER

Ask every provider the same route, private-record, scope and handoff questions.

Route: which current West Virginia page should I consult?

Location: how will you confirm the requested service is offered?

Scope: what inspection, diagnosis, repair or follow-up is included?

Records: what private detail is needed and how is it shared?

Handoffs: who documents findings, authorization and follow-up?

Proposal: where are exclusions, timing, complete fees and updates written?

Preparation only. Not inspection, diagnosis, repair, station-status, driving, safety, compliance or legal advice. No station, result, work or return-to-road conclusion. Keep identifiers, locations, findings and records out.

COMPARE ROUTE AND ROLE CLARITY

Use Providers A and B with the same neutral brief. An official list does not decide provider fit.

Providers A / B / proposal versions / discussion dates

Official routes, source dates and station questions - A / B

Inspection, diagnosis, repair and follow-up roles - A / B

Private handoffs, exclusions, complete fees and open questions - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai only if you choose, then start an Auto Repair request. Share only a non-sensitive Vehicle A, official-route and provider-role brief so participating pros can compete with proposals. Keep identifiers and results private. Compare written scope, handoffs, timing, complete fees and fit. A provider-led vehicle and private-record review may be needed before a final proposal.

One request. Every pro's best offer.
