WINDSHIELD & GLASS / 01

BUILD A VEHICLE-GLASS BRIEF

Record facts and observations without diagnosing the condition or choosing a repair.

A helpful preparation resource from PickYourPro.ai. Fill in digitally or print. Keep your completed copy private.

Vehicle year, make, model, body style, and identifier copied from reliable records

Glass area involved and location on the vehicle

Visible condition: size, shape, spread, obstruction, moisture, looseness, or noise observed

When and how the condition was first noticed; changes observed since then

Visible or known cameras, sensors, heating, antennas, tint, display, trim, molding, or other features

Prior glass work, existing records, insurance contact, recall lookup, or other context to ask about

Preparation only. Not an inspection, diagnosis, repair or replacement decision, product or procedure selection, roadworthiness assessment, safety instruction, warranty or insurance interpretation, or recall remedy.

WINDSHIELD & GLASS / 02

DEFINE A COMPARABLE PROPOSAL

Ask the provider to identify the proposed scope and assumptions in writing.

Provider-proposed inspection and recommendation, including what must be confirmed in person

Glass and parts identification, attached features, materials, trim or molding included

Repair, replacement, removal, installation, cleanup, or other work proposed and excluded

Camera, sensor, antenna, heating, display, tint, or other feature coordination and responsibility

Shop or mobile service location, access, parking, weather, power, shelter, key, and timing assumptions

Additional findings, change authorization, cancellation, payment, warranty, and written-term questions

Preparation only. Not an inspection, diagnosis, repair or replacement decision, product or procedure selection, roadworthiness assessment, safety instruction, warranty or insurance interpretation, or recall remedy.

WINDSHIELD & GLASS / 03

PLAN AUTHORIZATION AND HANDOFF

Leave technical decisions to the provider and record what will be confirmed.

- [ ] The provider will inspect before finalizing its recommendation
- [ ] The proposed glass, parts, features, and included materials are identified
- [ ] Camera or sensor responsibility is assigned in writing
- [ ] Service location and access assumptions are confirmed
- [ ] No additional work proceeds without agreed authorization
- [ ] Completion records and warranty terms are requested
- [ ] I will follow provider-specific handoff and safety instructions
- [ ] I will not use this worksheet to judge roadworthiness

Who may authorize work or changes, how approval is documented, and who receives updates

Completion records, parts or glass identification, feature-status documentation, and warranty information promised

Provider-specific handoff, waiting, use, inspection, or follow-up instructions to receive in writing

Preparation only. Not an inspection, diagnosis, repair or replacement decision, product or procedure selection, roadworthiness assessment, safety instruction, warranty or insurance interpretation, or recall remedy.

WINDSHIELD & GLASS / 04

QUESTIONS FOR A GLASS PROVIDER

Record how this provider would inspect, scope, coordinate, document, and hand off the work.

Inspection and recommendation: what will be checked, and what could change the proposed service?

Identification: how will the provider confirm the glass, parts, trim, molding, and vehicle features?

Feature coordination: who handles cameras, sensors, antennas, heating, tint, display, or other systems?

Service plan: where will work occur, what conditions are needed, and what timing assumptions apply?

Handoff: what records, warranty details, cleanup confirmation, and use or follow-up instructions will I receive?

Terms: what is included or excluded, what may change the proposal, and how are changes authorized?

Preparation only. Not an inspection, diagnosis, repair or replacement decision, product or procedure selection, roadworthiness assessment, safety instruction, warranty or insurance interpretation, or recall remedy.

WINDSHIELD & GLASS / 05

COMPARE THE SAME GLASS SCOPE

Use A and B in every box. Clarify differences before choosing.

Provider A / Provider B / proposal dates

Inspection, proposed service, glass and parts identification, included work, and exclusions - A / B

Feature coordination, service location, timing, authorization, handoff, records, and warranty - A / B

Proposal total, assumptions, possible changes, written terms, and open questions - A / B

READY TO HEAR FROM PROS?

Create an account on PickYourPro.ai and start a Windshield & Glass request. Share the vehicle facts, observed condition, visible features, service location, timing, and requested outcome so participating pros can compete with proposals. Compare proposed inspection and service scope, parts and feature coordination, handoff documentation, timing, authorization terms, warranty, and fit.

One request. Every pro's best offer.

Start a request

Participation varies. An in-person inspection and feature review may be needed before a final service proposal.
